THE FLOOD. (Continued from p. 1.)—The water at 5:20 a. m. and at 6:54 a. m. high water at 8:58 a. m. and at 10:22 a. m.

**SATISFACTION.**—For this morning, the weather was generally fair, with light winds, and a few showers of rain.

**A BOMBING.**—About 12 o'clock last night the neighborhood of the intersection of Columbus and Cameron streets was thrown into consternation by the blowing of police whistles, which had been occasioned by the discovery of a negro named Albert Wood, who was lying on the pavement and was being taken to the police station. The negro was taken to the police station, and was found to be a negro named Albert Wood, who was lying on the pavement and was being taken to the police station.

**FUNERAL.**—The remains of the late Mrs. S. M. Miner reached this city this morning from Brooklyn and the funeral took place from the residence of Mrs. D. A. Windsor, on Cameron street, at 10 o'clock. The funeral was conducted by Rev. Barryman Green officiating. The pallbearers were Messrs. T. W. Robinson, Fred Johnson, Richard S. Windsor, Jr., James Johnson, Frank Marbury and A. E. Smoot.

## A CARD FROM MR. HARRISON.

At the recent democratic primary election I was a candidate for the Common Council and submitted my name to the democratic voters of the Third ward, subject to the decision of the primary.

The result and the certificates of the judges, I was given the nomination, having received the next highest vote on the Council ticket. Subsequently a controversy arose between the nominee who had received the lowest vote and a defeated candidate, and at the request and no reason given, two of the members of the democratic committee recounted the vote between the two above mentioned and the result was a reversal and the defeated candidate was given the nomination. Later the democratic committee met and a recount of the entire vote cast in the ward was held. Up to that time my nomination had been questioned by no one, but at this recount Mr. Smith, who had been returned as nominated, by the judges on the recount, was again found to have defeated Mr. Smith, and both were given more votes than myself, thus counting me out. As I went into the primary to abide by its decision, and as the judges of the primary were certified as the judges of the nomination, in justice to myself and myself I claim to be one of the regular democratic nominees for Council from the Third ward and will submit my name to the people of that ward at the general election, I appeal to the fair-minded people of the ward to give me their support in this matter. Respectfully,  
JOHN T. HARRISON.

## POLITICAL AFFAIRS.—Neither Mr. Peter Atcheson nor Mr. T. Alton Moore, who received a tie vote for Councilman in the First ward last Wednesday, having withdrawn from the contest, a primary election will be held in that ward next Tuesday, May 2, to decide between those two candidates.

Mr. J. T. Harrison, who was counted out for Councilman in the Third ward, has accepted the advice of his friends and will be a candidate for the position at the general election. Mr. Harrison and his friends insist that he was the democratic nominee, so decided and certified to by democratic judges who conducted the election and he has no idea of being classed as an "independent." He has had the assurance of a large number of voters of the Third ward that they will give him their hearty co-operation and support.

## TO-DAY'S TELEGRAPHIC NEWS.

Calumpit Besieged.

Manila, April 26.—General Wheaton's command repaired the bridge over the Bagbag river this morning. The volunteers then crossed and attacked the Filipinos in the trenches and after a short but sharp fight forced the enemy into Calumpit. The artillery is now shelling the town and it is only a question of time when General MacArthur's troops will capture it. A small river and another trench still intervene between the Americans and Calumpit. General Hays's brigade holds the flank position on the right. The Americans killed in this morning's fight were three killed and three wounded. The Filipino's loss was small, as they were well protected by the earthworks. General Otis finds it impossible to maintain telegraphic communication with General Lawton. Small bands of the enemy cut the wires as fast as the signal corps can erect them. For this reason it is impossible to give General Lawton's exact position today. General Otis believes, however, that he has reached a point very close to Calumpit and will be heard from in that direction some time today. A Spanish officer was found among the enemy's dead yesterday. The Americans found nearly 200 dead natives on the field. More than 300 prisoners were taken during the day's march.

The fighting around Calumpit continued this afternoon. General MacArthur advanced his men as far as the Calumpit church, just outside the town. The natives are strongly entrenched on the outskirts of the town from which they are fighting the American troops. They are also in force on the opposite bank of the Rio Grande from which position they are also firing on our troops. The natives brought artillery into play today for the first time since the outbreak of hostilities. They fired shrapnel from several guns in the trenches but the shot burst over the heads of the Americans and so far have done no damage.

**Foreign News.**—Madrid, April 26.—A despatch from Manila says that the besieged Spanish garrison at Baler, on the east coast of Luzon, continues to hold out against the Filipinos. The despatch also says that General Otis has requested the Spaniards to hold the island of Mindanao until the Americans arrive.

Berlin, April 26.—A sensation has been caused here by the fact that Emperor William, during his four days stay in the Thuringer Wald, has not once left the castle. Instead, the Emperor has been working constantly with Count Wolff and Herr Motternich of the foreign office. This official activity coincides with the Coghlan incident in the United States.

Manila, April 26.—Reports from Spanish sources state that General Antonio Luna has succeeded Aguinaldo. Luna has threatened death to all natives in whose possession the American proclamation, recently issued by the Philippines commission, may be found.

Paris, April 26.—The secretary of the French Embassy at Washington, M. Thiebaut, has arrived here and delivered the Spanish-American treaty of peace to the Spanish ambassador, who immediately sent it to Spain by the first secretary of the Spanish legation.

Paris, April 26.—News of a shocking tragedy comes from Rive de Gier, in the department of the Rhone. Philippe Carliou, an artisan, entered a church where his wife was kneeling at the first communion, shot her dead and then committed suicide. The shooting caused a panic among the worshippers.

**Racing in England.**—London, April 26.—The race for the 2,000 guinea stakes at Newmarket, today was won by the Duke of Westminster's Flying Fox, at four to five in the betting. Lord Eversford's Caiman, at six to one, ridden by Ted Sloan, came in second, and Baron Rothschild's Triton was third. In the race for the Widdowson plate, of 200 sovereigns, Ted Sloan finished first on Sir R. W. Griffith's Styria. Sloan was also first in a selling race for 100 sovereigns on Emont belonging to C. F. Dwyer, a son of the well-known American turfman.

**The Pope.**—Rome, April 26.—The Pope is feeling the effects of his recent exertions particularly in attending the services in St. Peter's and takes a glass of cordial every two hours. Without this stimulant his holiness would collapse. His audiences are limited to fifteen minutes and after each one the Pope retires to rest. The Vatican authorities think now that the likeliest successor to Leo is Cardinal Girolamo Maria Gotti, of Genoa, a cardinal monk. He is distinguished for learning and piety.

**Town Burned and Great Loss of Life.**—Buda-Pesth, Hungary, April 26.—The town of Gutta, fifty miles northwest of here, was almost totally destroyed by fire yesterday. The bodies of seven women and scores of children have been discovered in the ruins and many persons are missing. A heavy gale spread the flames until 300 houses were destroyed. Attempts to extinguish the fire were futile.

**The Situation in the Transvaal.**—Capetown, South Africa, April 26.—President Kruger's general in chief is inspecting the frontiers and selecting places suitable for intrenchments. Kruger evidently is expecting hostilities with England. The Dutchmen are uneasy over the result of the petition to England's colonial minister, signed by 21,000 English residents in the Transvaal and setting forth their grievances. The British army here is being steadily augmented.

**The Markets.**—Chicago, April 26.—The market closed as follows: Wheat—July 73¢, Sept. 70¢; May 72¢, 71¢. Corn—July 34½¢, Sept. 34¢, 33½¢. Oats—July—May 24½¢, Pork—May \$9 05½¢, Oct. Jan \$5 15¢. Georgetown, April 26.—Wheat 74½¢.

## "A word to the wise is sufficient" and

a word from the wise should be sufficient, but you ask, who are the wise? Those who know. The oft repeated experience of trustworthy persons may be taken for knowledge. Mr. W. M. Terry says Chamberlain's Cough Remedy gives better satisfaction than any other in the market. He has been in the drug business at Elkton, Ky., for twelve years; has sold hundreds of bottles of this remedy and nearly all other cough medicines manufactured, which shows conclusively that Chamberlain's is the most satisfactory to the people, and the best. For sale by J. H. Janney, Druggist, 701 King St.
